

Missions and Values

At Olney Middle School we expect and enable our children to be
Ready, Respectful and Safe.

Values

The Staff and Governors of Olney Middle School believe that children are entitled to an education of the highest quality which is relevant and challenging; set in a safe, secure, nurturing environment. We aim to promote positive behaviour and early intervention.

We will promote the highest levels of citizenship so that the children can go forward with an independent joy of learning and team working skills that will serve them for life. We believe a whole school positive behaviour management approach is essential for effective teaching and learning.

At Olney Middle School our aim is to create a learning community where:

- we all have the right to learn and work in a safe environment and to be treated fairly with respect;
- we are all responsible for supporting the rights of others and ourselves;
- we should create a climate where everyone can learn and achieve;
- rewards and sanctions should be used to help us to take responsibility for our mistakes and support us to make the right choices in future;
- it is our collective responsibility to build confidence among children to show empathy and understanding;
- we have clear and agreed methods of reporting and responding to incidents of behaviour both positive and negative.
