

## **Anti-Bullying Statement – February 2018**

Olney Middle School is committed to creating and sustaining a safe, positive and inclusive environment for all pupils, staff and parents/carers. We believe that all pupils, staff and parents/carers have the right to be protected from bullying and abusive behaviour. We are a caring school with a clear philosophy based on ensuring children are ready, respectful and safe and we aim to educate children appropriately so that incidents of bullying do not take place while children are in our care. If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached

This is extracted from the Behaviour for Excellent Teaching and Learning Policy where further details of the school's anti-bullying procedures can be found.
