

How do we make progress in reading?

a CARING school

Word

understanding

We practice our understanding of vocabulary in the text.

Out loud reading

Children in our class take turns to read out loud

Retrieval questions

We answer short, snappy questions about what we have read.

Discussing our understanding

We discuss a statement about the text with our partner to improve our oracy.

Independent activity

We look for evidence in the text about a character, a setting or an opinion.

Now apply it

We write an answer to a comprehension question based on what we have looked at.

Greater Depth challenge

We have a go at a tricky challenge to show how well we understand what we have read.

We use our **WORDING** way!
