Olney Middle School

Equality Statement and Objectives

At Olney Middle School the spiritual, moral and cultural development of all our children is paramount. We believe that the most important function of the school is to maintain an environment in which every member of the school is able to achieve success and self-fulfilment.

There must be a total consistency of expectation that everyone (irrespective of gender, ethnicity, religion or culture) should feel safe and secure; have empathy for all others and place a high value upon individual achievement and personal development.

Section 1: Legal Framework

The equality Act (2010) is a legal framework to protect the rights of the individual from unfair treatment and promotes equality of opportunity for all in order to establish a fair and more equal society. The Public Sector Equality Duty (2011) with the Act covers the following protected characteristics; age, disability, gender and gender reassignment, pregnancy and maternity, ethnicity, religion and belief, sexual orientation and sexual identify, marriage and civil partnership.

The Education and Inspections Act (2006) also highlights our duty as a school to contribute to the development of cohesive communities both within our school's physical boundaries and within our local, national and global environments.

Our school also embraces the duties set out in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities and the Human Rights Act which promote working together with others to improve children's educational and wellbeing outcomes.

Section 2: Olney Middle School Values

At Olney Middle School we seek to embed equality of access, opportunity and outcomes to all members of our school community, within all aspects of school life. As a school, we are guided by the following values:

- Shared humanity – identifying commonality and shared values, aspirations and needs, valuing fundamental similarities and university
- Valuing difference and diversity – appreciating the richness within our differences and promote understanding and celebration of them
- Social cohesion – creating positive attitudes and relationships between all groups of people within our school and our local community
- Equality – eliminating discrimination, harassment and victimisation by promoting that all members of our school communication have equal value
- Personal and cultural identify – providing opportunities to explore and value the complexities of our personal and cultural identifies as well as consulting people and involving all people
- Fairness and Social Justice – reducing and removing inequalities that exist in society through staff recruitment, retention and development as well as individuality and collectively promoting a more equitable society

The values mentioned above are throughout all aspects of school life as demonstrated to our school learning CARING values.

Section 3: Guiding Principles

a) Eliminating Discrimination

Within Olney Middle School the following actions are undertaken to eliminate any form of discrimination and prohibited conduct amongst the whole school community for the protection of its pupils and staff.

- All school policies are written with ensuring equality of the pupils and staff within the school and this is clearly shown within the whole school values shown within these key documents
- The school ethos, which underpins the whole school philosophy, which is shared with all stakeholders and continuously referred to within the school, promotes the key messages of equality, individuality and eliminating any form of prejudice
- With the review of the Equality Statement annually, the responsibilities for each member of staff are reminded and any changes shared annually within the team meetings
- All staff appointments and promotions are made on the basis of merit and ability
- Most staff undertaking recruitment within the school have undertaken Safer Recruitment Training to ensure equality in the appointment of new members of staff adhering to recruitment and selection processes that are fair and in line with statutory duties
- Ensuring all members of staff within school receive annual performance reviews and that training, and development opportunities are available to all staff, subject to budget constraints
- Admission arrangements for pupils are fair and transparent and do not discriminate on ethnicity, gender, disability or socio-economic factors

b) Advancing Equality of Opportunity

Our school believes that it is important to ensure we have a shared view of advancing equality of opportunity between people who share protected characteristics as well as those that do not share it.

We undertake this in the following ways:

- Detailed assessment analysis is undertaken regularly by the Senior Leadership Team
- Equality objectives are written to provide clear vision and focused action to reduce inequality and provide specific support to individuals and groups of pupils
- Behavioural incidents, including bullying and racist incidents are recorded on the schools logging system with the actions undertaken also recorded. These are analysed by a key member of staff in order to look for trends and patterns in order to ensure all children have the same opportunities of feeling safe, welcome and happy within school
- PSHE (Personal Social Health and Citizenship Education), RE and Responsible Citizen areas of the curriculum regularly address ideas of equality through tolerance, friendship and sharing an understanding of a range of religions or cultures
- A wide-ranging enrichment programme of the curriculum, including visits and clubs that are open to all children, making reasonable adjustments where necessary. Assemblies within the school and pupils sharing things within class and assemblies give opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures.

c) Engagement and Fostering Good Relations

Within our school values, engagement with all stakeholders is seen as fundamental and we pride ourselves on our engagement with the local community, especially those affected by the decisions we make as a school. Our values were created through our school, our families and our community and reflect an open ethos that embraces individuals. Our culture firmly feeds into working within the community, not least the importance of working alongside Olney Infant Academy in supporting the Olney journey.

- We engage with a wide range of groups and individuals to ensure that the group of staff and governors that approve the policy represent the diverse community in which we live
- Our equality objectives are devised based on qualitative and quantitative data that we have collected from assessments but also staff, pupil and parents' questionnaire responses
- Local community links and events are frequently placed throughout the school's calendar and are open to all, in order to foster good relationships and engage with all members of the community

Section 4: Equality Objective

We formulate and publish equality objectives using the views of parents, pupils, staff and governing body as well as sound qualitative and quantitative evidence from within the school. Our equality objectives are written for four academic years. However, we will constantly review them, and we will report annually on our progress towards achieving them.

Section 5: Addressing Prejudice and Prejudice- Related Bullying

The school is opposed to all forms of prejudice which stand in the way of fulfilling our legal duties as detailed in the Equality Act. This includes:

- Prejudices around disabilities and special educational needs
 - Prejudices around racism and xenophobia, including those directed towards religious groups and communities and those that are directed against travellers, migrants, refugees and people seeking asylum □
- Prejudices reflecting sexism and homophobia

We address the experience, understanding and needs of the victim, perpetrator, bystanders and the wider school community through our actions and responses to the above.

We keep a record of all prejudice-related incidents and, if requested, provide a report to the Local Authority about the number, type and seriousness of such incidents and how they have been dealt with in school.

Our staff have also earned a reputation for being very approachable and good listeners. Olney Middle School parents are positively encouraged to come into school to talk about any aspect of their child's education. Initial contact is usually made through the child's class teacher, and in the vast majority of cases, concerns or anxieties are usually resolved at this stage. However, if this fails and a parent wishes to make a formal complaint, the Governing Body has published guidelines for parents detailing the necessary stages in the formal complaints' procedure.
